

Lin Gu

Graduate Student at Johns Hopkins University

I am a graduate student at Johns Hopkins University. I consider myself a little bit introverted, and through my academic journey, I hope I will become more open-minded and continue to grow both personally and professionally.

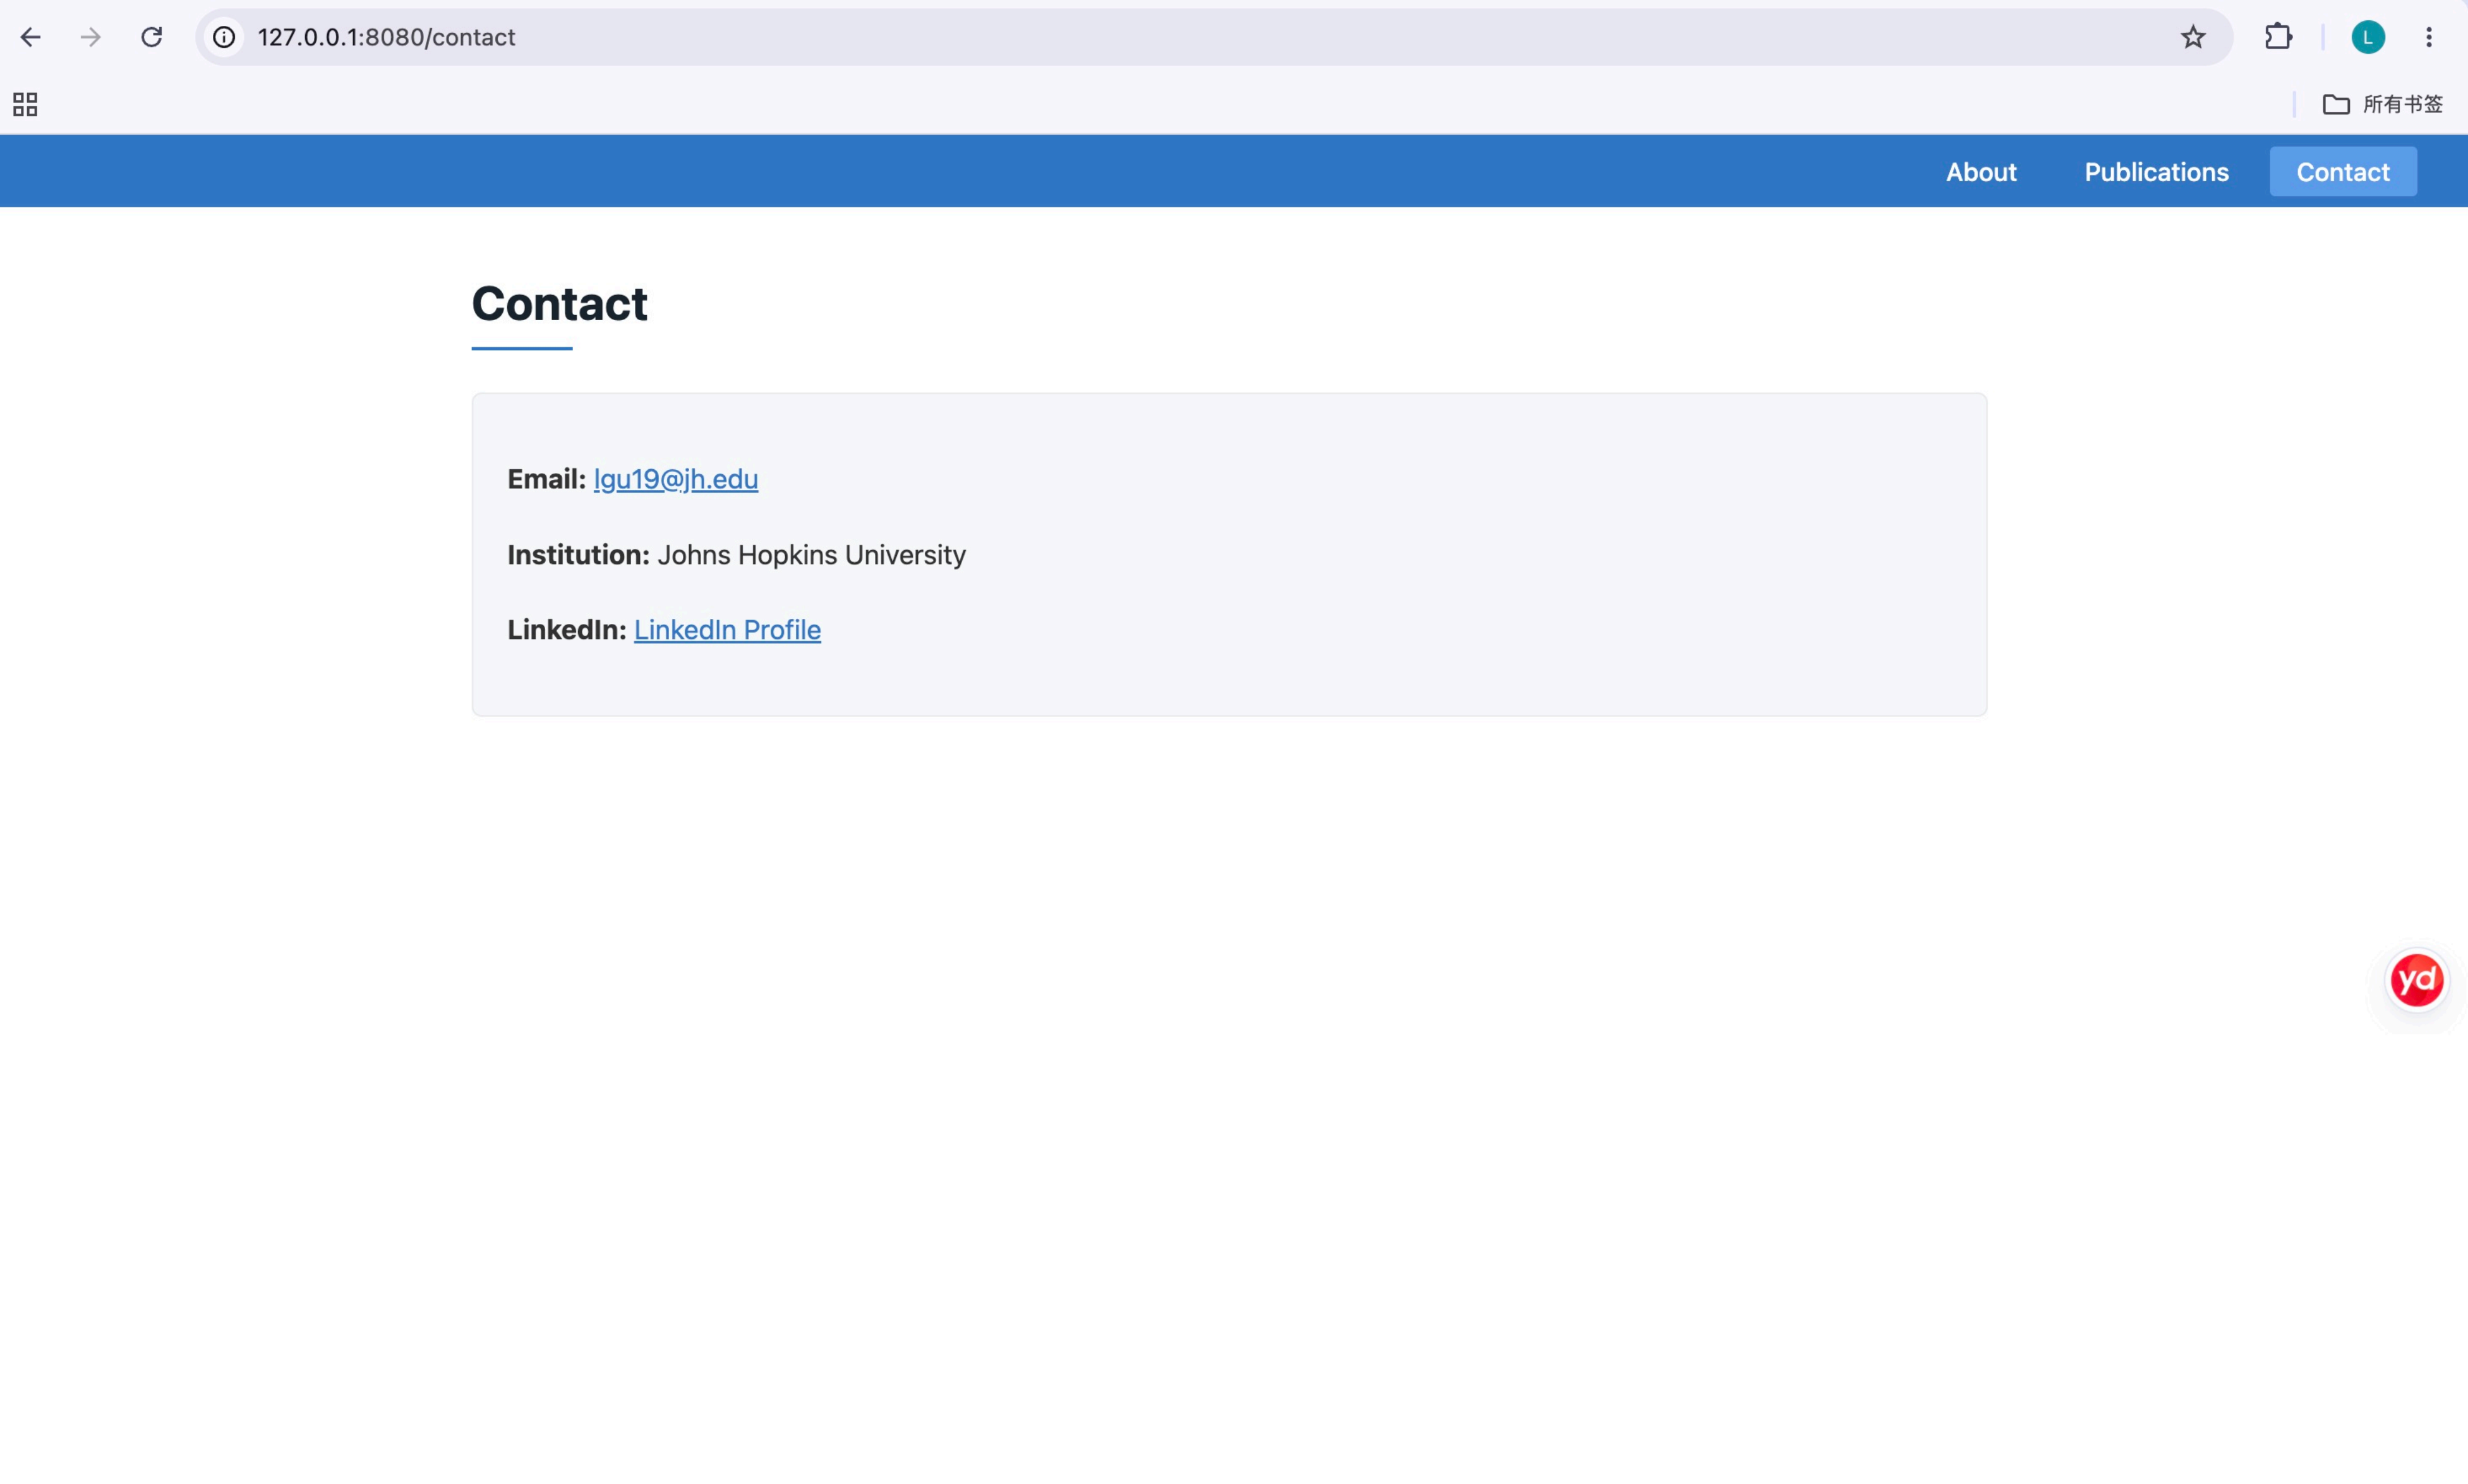

Publications

Module 1 Project: Flask Portfolio Website

Designed and deployed a Flask web application organized via blueprints. Features template inheritance, custom JHU color scheme, top-right highlighted navigation, and execution configuration.

Repository: [jhu software concepts \(module 1\)](#).
